

EziSource provides a complete e-sourcing solution that helps businesses source through SESAMi business community for their business needs. With our large trading community, businesses can source for a wide range of goods and services, select key commodity suppliers and conduct negotiation. It addresses your sourcing challenges to reduce cost and improve cycle times, and generates immediate hard dollar savings and substantial returns on investment.

About EziSource

SESAMi has been providing e-sourcing solutions to MNCs such as Singtel, Changi Airport Group, SATS, National Healthcare Group and many others since 2001, establishing ourselves as the leading e-marketplace in Asia. EziSource is an e-Sourcing solution powered by SESAMi to provide a public e-marketplace where buyers interact with multiple suppliers for their business needs, helping buyers to enjoy lower prices by introducing transparency into the sourcing process. EziSource reduces the bid management process, lowers vendor search costs, and shortens the purchasing cycles.

Why EziSource

Companies who relies on phone calls, emails and faxes as sourcing tools, pays the price of inefficient usage of staff time, limited outreach to available suppliers and longer procurement cycle. By leveraging on EziSource, companies will simplify their management of electronic sourcing and leave the onboarding and management of suppliers to us, while maintaining visibility on your suppliers' information. Our key benefits include:

Simplified RFx / Tender creation process

- Using simplified but configurable templates for request for quotation, tender, information and proposal to empower users while meeting individual organization needs.

Widen Sourcing Reach with Business Matching

- Search > Match > Connect; widen your sourcing base with Business Matching & notification features to tap on the vast pool of SESAMi business communities.

Efficiency & Enable Control

- Significant reductions in sourcing cycle time with integrated approval workflow, automated Pre-Qualification filters, and online Quotation Analysis.

Comprehensive Sourcing Tools –

- With its suite of function / features, EziSource is a comprehensive sourcing tool for all businesses and organisation to source effectively and efficiently.
